

Please come prepared to observe the following Communal Safety measures:

- **Face Masks** are required to be worn properly over the nose and mouth for the entire duration of one's time on campus for all people over 5 years old. In keeping with the Governor's guidance about school aged children, masks are not required for children under 6 years old. Children ages 3-6, are encouraged to wear masks when seated. If you do not have one, a disposable face mask will be provided.
- **Social distancing** of 6' or more is required at all times and in all places on campus. Seating areas for households will be marked in chalk in the courtyard. If the pre-marked areas for households fill up, households may find a distanced place to sit outside of the courtyard concrete. At least 6' of distance is required between your household and others.
- **Hand Sanitizer** We encourage attendees to bring their own hand sanitizer.
- **Bring your own** chairs and blankets for your household.
- **No singing** will take place. There will be live instrumental music throughout the Vespers service.
- **No food or drink** will be provided. Please do not bring drinks to sip on during vespers as sipping requires temporary removal of face masks.
- **Contact Tracing** a picture will be taken at the beginning of the service to enable contact tracing should any attendee get sick.
- **Weather Cancellation** notices will be posted on the church website and Facebook page by 5:00 pm on the day of the Vespers service.
