Please be notified that the investigation of the Title IX complaint you have submitted to my office has been completed. Attached is a draft of the investigative report that is to be submitted to the Title IX decision-making panel for their preparation for the subsequent federally-required live hearing. You and the respondent are required by federal regulation to receive this draft report for your review. You and the respondent have 10 days to review and respond to the draft report. Following the review period, both parties and the decision-making panel will receive a finalized report.

Instructions for the live hearing process will be provided after the finalized report has been submitted to the decision-making panel. I am available to you for questions. Peace.
